As shown on application.

"ONE, TWO, THREE!"

Was an old, old, old, old lady,  
And a boy that was half past three;  
And the way that they played together  
Was beautiful to see.

He couldn't go running and jumping,  
And the boy, no more could he,  
Or he was a thin little fellow,  
With a thin little twisted knee.

They sat in the yellow twilight,  
Out under the maple tree;  
And the game they played I'll tell you,  
Just as it was told to me.

It was a game of hide and seek they were playing,  
Though you'd never have known it to be—  
With an old, old, old, old lady,  
And the boy with the twisted knee.

The boy would bend his face down,  
On his one little sound right knee,  
And he'd guess where she was hiding,  
In guesses one, two, three!

You are in the china closet—  
He would cry and laugh with glee—  
I wasn't the china closet,  
But he still had two and three.

You are up in papa's big bedroom,  
In the chest with the queer old key—  
And she said: "You are warm and warmer;  
But you're not quite right," said she.

It can't be the little cupboard  
Where mamma's things used to be—  
So it must be the clothespress, grandma—  
And he found her with his three.

Then she covered her face with her fingers,  
That were wrinkled and white and old,  
And she guessed where the boy was hiding,  
With a one and a two and a three.

And they never had stirred from their places,  
Right under the maple tree—  
This old, old, old, old lady,  
And the boy with the twisted knee.

And the boy with the twisted knee—  
This dear, dear, dear old lady,  
And the boy who was half past three.  
—H. C. BAKER.

## GRANTED THE RIGHT-OF-WAY

City Council Finally Gives the Street  
Railway a Passage Beside Pump-  
ing Plant.

The city council met Monday  
pursuant to adjournment last Thursday  
night, the chief business of the evening  
seeming to have been to finish the  
ordinance granting to the Iola street  
railway a right-of-way across the  
city's river land for a track to the  
street railway park. The ordinance  
as passed was brought up some nights  
ago, referred to the judiciary committee,  
and last night it was passed by a  
good majority. It grants the right-of-  
way asked for, a 12 foot strip between  
the power house and the river bank.  
The conditions are that the track shall  
be so maintained that teams may  
cross it readily south of the power  
house; no passengers are to be let out  
on the city side of the track; the river  
bank is to be maintained; the city  
water supply is not to be fouled by the  
throwing in of rubbish; the West street  
track is to be lowered to grade without  
expense to the city; the track must not  
interfere with the water or light plans  
or their extensions; a failure to oper-  
ate for one year shall cancel the per-  
mit; breaking the terms of the ordi-  
nance shall forfeit written acceptance  
must be filed within fifteen days; the  
ordinance shall be legal after publica-  
tion in the Iola REGISTER.

Mr. Crouch, when shown the ordi-  
nance that morning, reiterated his de-  
claration that he will not accept it.

Other business transacted by the  
council was as follows:

The petition of the Labor Day cele-  
bration committee asking for use of  
gas from the city well on that day was  
granted, same to be used under super-  
vision of water and light superintendent.

Building permits were granted to J.  
T. Wood and C. H. DeClute to erect  
2-story brick business houses on lots  
5 and 6, block 75.

On recommendation of the city attor-  
ney the bill of Lute P. Stover, for  
surveying, was allowed for \$4.35.

The city attorney reported on the  
petition of H. J. Blood and others for  
a crossing over the Missouri Pacific  
on north Third street, that it cannot  
be allowed, there being no correspond-  
ing street north of the track.

Ordinance No. 474, providing for  
the building of certain portions of  
new sidewalk on Third, Kentucky,  
Bongall and Broadway streets, was  
read and passed.

On motion the council adjourned to  
meet Monday August 18 at 8 o'clock.

Shatters All Records.

Twice in hospital, P. A. Galleger,  
Verona, Ala., paid a vast sum to  
doctors to cure a severe case of piles,  
causing 24 tumors. When all failed,  
Bucklen's Arnica Salve soon cured  
him. Subdues inflammation, conquers  
aches, kills Pains. Best salve in the  
world. 25c at Evans Bros. drug  
store.

Four Good Things.

Four things about the best I class:  
A ready wit at need.  
A manly man, a bonnie lass,  
And a word that means a deed.

From the Day-Book of John Stuart Blackie.

## Teething

Then the baby is most like-  
ly nervous, and fretful, and  
doesn't gain in weight.

Scott's Emulsion  
is the best food and medicine  
for teething babies. They  
gain from the start.

Send for a free sample.  
SCOTT & BOWNE, Chemists,  
409-415 Pearl Street, New York.  
50c, and \$1.00; all druggists.

## Open Market for Oil.

Neodesha Register: The Standard  
Oil company has decided that it will  
not confine itself to the purchasing of  
royalty oil in Neodesha and adjoin-  
ing fields but buy oil in the open mar-  
ket and for that purpose will immedi-  
ately double the capacity of its refinery  
at Neodesha. This means that all  
and owners in the Kansas and Terri-  
tory oil fields may drill their own  
wells with the assurance of a ready  
market for their crude product at  
Neodesha at prevailing prices, they  
of course, "paying the freight." The  
enlargement of the plant here to refine  
this oil means the addition of two  
more stills and many more tanks to  
the two stills and forty or more tanks  
already here. The work of this im-  
provement will employ from 60 to 75  
men for 90 days, when the work is to  
be completed, eighteen or twenty of  
which will be experts imported from  
the east, the rest of them being found  
in this neighborhood if possible.  
Thomas Black, superintendent at the  
refinery, says this work will be pushed  
as rapidly as possible, beginning im-  
mediately; that all the material that  
possibly can will be bought here and  
that part of it is already on the  
ground. It will also nearly double  
the number of men now employed here  
by the Standard Oil company and  
will pour into this oil field many  
thousands of dollars per month that  
does not now come here. This decision  
and action of the Standard Oil  
company is of immense value to Neo-  
desha and vicinity.

## How We Earn a Living.

City Clerk William Knapp has just  
run over his book in which he records  
the occupation licenses taken out by  
Iola men and the summaries show  
some interesting things about the dif-  
ferent ways in which we earn our  
daily bread.

There are 38 real estate agents; 28  
other kinds of agents; 49 contractors  
of various kinds; two corporations,  
the Iola Gas Company and the Stand-  
ard Oil Company; one coal dealer; 20  
tobacco dealers; 9 clothing merchants;  
32 doctors; 7 dentists; 9 drug stores;  
7 flour dealers; 23 grocers; five  
plumbing establishments; five hotels;  
24 lawyers; 6 lumbermen; 10 meat  
markets; 6 milliners; one pawn broker;  
11 restaurants; three tamale stands;  
42 transfer wagons.

A study of the list is really indica-  
tive of the growth of the town, the  
preponderance of doctors, lawyers,  
contractors and transfer men all indi-  
cating that things are lively here.

## That Thief Wanted Here

Tuesday the REGISTER had a short  
item to the effect that the sheriff of  
Anderson county has pursued a horse  
thief named George Crouse over 700  
miles and is now hot on his trail  
down near Maryville, Mo., with blood  
hounds.

John Harris, the south Walnut  
street boarding house keeper, saw the  
item and says he hopes the man will  
be caught, and he reminds the REGIS-  
TER of the fact that Crouse is wanted  
here. Shortly after Crouse stole a  
horse and buggy near Blue Mound  
he came here and roomed with Harris,  
giving the impression of being a nice,  
quiet man. He was traced and sus-  
pected and Lute Hutton and Bill Con-  
ley went to arrest him. They got him  
one evening at Harris's but he asked  
to step to the barn. did so, went on  
through and fled. Hutton shot at him  
but he got away. The next night  
Billy McClure's horse and buggy dis-  
appeared and he never found a trace  
of it. It was always thought that  
Crouse stole the rig and used it to  
make his escape.

So if he is caught he may be given  
a whirl in the courts here after An-  
derson county gets through with him.

## TEXAS WONDER

HALL'S GREAT DISCOVERY.

One small bottle of Hall's Great Discovery  
cures all kidney and bladder troubles, rheuma-  
tism, gravel, neuralgic, sciatic, catarrhs,  
weak and lame backs, rheumatism and all  
irregularities of the kidneys and bladder in  
both men and women, regulates bladder  
troubles in children. If not sold by your druggist,  
will be sent by mail on receipt of 25c. One  
small bottle is two months' treatment and  
will cure any case above mentioned. Dr. E.  
W. Hall, sole manufacturer, P. O. Box 629, St.  
Louis, Mo. Send for testimonials. Sold by  
all druggists.

## READ THIS!

Huntville, Mo., Aug. 1, 1900.—This  
is to certify that I have been cured of  
kidney and bladder trouble with one  
bottle of the Texas Wonder, Hall's  
Great Discovery, and can recommend it  
to others suffering in the same man-  
ner.  
J. HORACE MILLER,  
County Treasurer.

## Report On Shade Trees.

Iola, Kansas, Aug. 8, 1902.

We, your committee heretofore ap-  
pointed to investigate the condition of  
the shade trees in the City Park and  
report to the Allen County Horti-  
cultural society, beg leave to submit the  
following report:

We made (on Thursday the 7th  
inst.) a thorough examination of the  
trees on the grounds herein before  
mentioned and found that the borers  
are devastating the trees, especially the  
beautiful elms. We found four of the  
finest elms in the park entirely dead  
with unmistakable evidence of having  
been destroyed by the borers, and  
most of them seem to be located just  
where they were needed the most for  
shade. We found others showing  
evidence of premature decay and we  
are of the opinion that if something  
is not speedily done to relieve the  
situation many of the elms in said  
park will, in the next few years suc-  
cumb to the ravages of their enemies.

We found a few of the other varieties  
somewhat affected but they could be  
easily spared if the elms were saved.  
As much as the proper use of sulphur  
will save the trees if applied in time  
we would respectfully recommend that  
the proper authorities take immediate  
steps to forestall the work of the  
borers and save the beautiful elms be-  
fore any more of them are destroyed.  
As it is usually said that future gen-  
erations will rise and call them  
blessed, but we believe the present  
generation will do the blessing act if  
the trees are saved, and if they are  
not saved we will guarantee that this  
crooked and perverse generation will  
not fail to heap deserved imprecations  
upon the heads of the authorities.

(SIGNED.)  
J. M. MASON,  
Chairman,  
GEO. A. BOWLES,  
D. B. D. SHELTER.

## Horticultural Meeting.

The regular monthly meeting of the  
Allen County Horticultural Society  
advertised to meet as a picnic in the  
Iola City park on Friday, August 8th  
was, by the heavy shower which came  
so opportunely, driven into the G. A.  
R. hall, where a sumptuous repast  
was served at noon, after which the  
meeting was called to order by the  
president, H. Klamann. After the  
reading and approval of the minutes  
of the last meeting the first subject  
under discussion was the spotted or  
scabby condition of the apple crop.

Some members insisted that the  
specks or spots were caused by an in-  
sect and thought that spraying would  
prevent it. Mr. James Townsend  
showed several varieties from his or-  
chards which were well sprayed last  
year, and his apples (even the Maiden  
Blush) are extra fine and free from  
scab, and it was the opinion of the  
society that if everybody would spray  
the fruit trees and grape vines we  
could raise just as fine fruit as we did  
years ago. Mr. Panceau, secretary,  
read an article on spraying which  
will also be published.

The fruit display, consisting of ap-  
ples, pears, plums, grapes and one  
loose peach, was fine. On the cam-  
min of fruit, etc., Mrs. Eppeneaur and Mrs.  
T. M. Jones each presented a paper  
and gave a talk setting forth some  
very important facts, and every per-  
son doing any canning would doubt-  
less be benefited thereby. Mrs. Jones  
has a special process for canning  
corn and never had a can spoil. The  
various modes of putting up cucum-  
bers were discussed and some valu-  
able hints produced.

Quite a discussion on budding fruit  
trees was had and some valuable in-  
formation disseminated.  
The committee which was appointed  
to examine the shade trees in the City  
park and report why the elms are dy-  
ing, made a written report, and the  
society voted that it was of sufficient  
importance to be published as a sepa-  
rate article and so ordered. Prof.  
Diskens, of the State Agricultural  
college, advertised to address us  
said that he would be here, but failed  
to materialize. Why? We know not.  
The next meeting will be held in  
Riverside park during the fair, the  
first week in September. Bring your  
nice samples to Secretary Panceau.

D. B. D. SHELTER, Reporter.

## Summer Complaint.

If the stomach and bowels are free  
from gaseous and sour fluid accumu-  
lations and the habits regular, your  
children will go through the heated  
term without sickness. Dr. Caldwell's  
Syrup Pepsin corrects all such  
troubles by removing the obscure  
cause and keeps the system in perfect  
working order. Chas. B. Spencer &  
Co.

## Matched Game of Tennis.

Last Tuesday on the tennis court on  
North Washington avenue a match  
set was played between the northsiders  
and southsiders. A. L. Boatright and  
J. V. Merchant represented the north  
and M. P. Helmick and Rex Bowles  
the south. Owing to the early dark-  
ness only three games were played,  
the south side winning all three by the  
scores of 6-1, 6-3, 6-3. Quite a little  
crowd of young people gathered to  
watch the match.

## BOYS CAUGHT STEALING

Were Robbing Money From One Soda  
Fountain Drawer to Spend at  
Another Fountain.

About 4 o'clock Tuesday afternoon  
C. B. Spencer, the south side druggist,  
glanced along behind his show-  
cases and saw a small, brown hand  
reaching across the counter at his soda  
fountain and delving into the cash  
drawer. He made a detour and dash  
with the result that he nabbed a  
youngster with seventy-five cents  
clutched in his fist, which he had un-  
doubtedly just filched from the till.  
The boy broke down when questioned  
and gave his name as Willie Gross.  
He said that he had been put up to the  
stealing by a friend, Roy Young. It  
did not take long to find Young, but  
he looked wise, stoutly denied his  
guilt, declared he did not associate  
with the Gross boy. "I'm a good  
boy," was the burden of his talk.  
The Gross boy confessed freely and  
said he and the other boys had taken  
money several times, going immedi-  
ately over to Campbell & Burrell's  
spending it for ice cream sodas. This,  
naturally, did not increase the joy of  
Mr. Spencer. The boys would seat  
themselves at the fountain, watch a  
chance when everybody was busy in  
the rear of the store, reach over the  
counter and pull out the cash drawer,  
take money and go. Inquiry at Camp-  
bell & Burrell's corroborated what the  
Gross boy said and it also struck the  
Young boy, the west side druggist re-  
membering him from the fact that just  
the evening previous to the stealing,  
the two boys had been in their store  
and spent thirty-five cents for drinks.

Both the boys were arrested and  
their trials set for 2 o'clock today in  
Justice Potter's court. They are ten  
or twelve years old, big enough to  
know they were doing wrong.

The trial did not last long. The  
boys maintained their innocence and  
an effort was made to clear them.  
The court fined each \$10 and costs and  
issued a stay of execution during the  
good behavior of the youngsters.

## EARLY FIRE IN EAST IOLA

Discovered about 3:30 in the Hall over  
Fulton Bros. store—did Little  
Damage.

The fire department turned out for  
an early run Wednesday, being  
summoned to East Iola about 3:30.  
It is some time since there has been a  
fire and the big blacks seemed to enjoy  
the break-neck race across town.

The fire started in some unknown  
way in the hall over the grocery store  
of Fulton Brothers in the center of the  
business part of east Iola. The hall  
had not been occupied over night, so  
the only theory is that it started from  
one of the gas jets, the pipe possibly  
leaking. It burned across the ceiling  
to the north wall and along it from  
one end to the other, but was discov-  
ered before the flames got a good hold  
on the wood work. Before the de-  
partment arrived the fire had been very  
nearly brought under control and it  
was easily subdued. The grocery  
escaped practically without injury. In  
the prevailing high wind the fire  
might have developed into a nasty  
one had it ever got away.

## All Were Saved.

"For years I suffered such untold  
misery from Bronchitis," writes J. H.  
Johnson, of Broughton, Ga., "that of-  
ten I was unable to work. Then, when  
everything else failed, I was wholly  
cured by Dr. King's New Discovery  
for Consumption. My wife suffered  
intensely from Asthma, till it cured  
her, and all our experience goes to  
show it is the best Croup medicine in  
the world." A trial will convince  
you it's unrivaled for Throat and  
Lung diseases. Guaranteed bottles  
50c and \$1.00. Trial bottles free at  
Evans Bros.

## APPENDICITIS.

Some Facts Regarding Its Rapid In-  
crease.

Appendicitis among Americans is  
certainly increasing and while this is  
probably due to the excitement and  
worry of American business life, it is  
more often directly traceable to con-  
stipation. Appendicitis is caused by  
extraneous matter entering the vermi-  
form appendix and not by the swallow-  
ing of seeds. If the digestive organs  
are kept in perfect condition so the  
food is duly assimilated and the  
bowels move gently, at least once a  
day, appendicitis will never develop.  
Don't take chances. Regular doses  
of Dr. Caldwell's Syrup Pepsin before  
meals will strengthen the organs of  
digestion, your appetite will be good,  
constipation disappears and you feel  
better in every way. Dr. Caldwell's  
Syrup Pepsin does not relax the  
bowels by irritation, but by curing  
indigestion, the cause of constipation.

Chas. B. Spencer, Iola, Kinne &  
Son, Moran, and W. J. Waters &  
Co., LaHarpe, sell it in 50c and \$1.00  
bottles, under a positive guarantee.  
Write for book of testimonials to Pepsin  
Syrup Co., Dept. 5, Monticello,  
Ill.

C. W. Smith 1 1/2 miles east of La  
Harpe has prolific wheat seed for sale.
